

DSW Showerhead plus descaler

DSW Showerhead plus effectively descales AND disinfects your showerheads, hoses, taps, aerators and TMV's.

DSW Shower Head Plus has proven efficacy against Legionella. The European Legionella Disinfection Test Standard (1995) for Legionella Pneumophila Serogroup 1 (NTCC 11192)

DSW Shower Head Plus can be used sparingly on decorative and chromed finishes. On completion of descaling, components should be thoroughly rinsed with fresh water before reinstatement of service.

If you want to be proactive against scale deposits AND Legionella bacteria by using 1 single chemical then contact DSW today.
